

# Dermatology Journals to be Handsearched

For comments or criticisms or to tell me of any journals that are missing from this list, please contact

[csg@nottingham.ac.uk](mailto:csg@nottingham.ac.uk)

This is the list of dermatology journals that I have found out about so far. If you know of any other dermatology journals that have been published since 1948 from anywhere else in the world then please let me know.

The journals are listed alphabetically with the dates (where known) when they were first published and the date if they have ceased publication. If there is a journal you have access to and would like to assist the Cochrane Skin Group by handsearching please contact me. Thanks

(Use the Find facility under Edit to search for your journal of interest)
